

Privacy Policy

The Company NET REVIEWS, publisher of the website www.netreviews.com/en, has always been particularly conscious of issues linked to the respect of confidentiality, as well as the protection of personal data of its Users and Clients.

Firstly, Verified Reviews acts as an independent third-party, collecting and distributing the Client's Reviews linked to a consumer experience, and secondly, ensures conformity of the content collected to Net Reviews FR processes and to a certification ISO 20488 to which Verified Reviews is submitted in order to respect and preserve the reliability of published Reviews.

Verified Reviews therefore ensures the highest level of protection for Personal Data in accordance with worldwide regulations applicable to the protection of such data to avoid any discrimination between consumers regarding their nationality.

Verified Reviews committed itself to respect the entirety of the applicable regulations depending on the Consumer's nationality, notably the GDPR or the CCPA or any other applicable legislation within this scope.

So that one can continue to use Verified Reviews' services with confidence, this « Privacy Policy » describes in detail Verified Reviews' policy and practices concerning the gather, use and disclosure of Personal Data.

1. Personal Data collected by Verified Reviews

1.1 Personal Data collected by Verified Reviews' Client and communicated at the time of the Consumer's Order

Verified Reviews' software services and solutions allowing the generation, administration and verification of the reliability and visibility of Consumer Reviews (The "Solution") is based on the gather of a "Review" on the service provided by a physical or legal person using the services of Verified Reviews to collect Consumers' Reviews regarding a product they have purchased, their experience as a user or any other action giving rise to a Review request in relation to one's activities ("Client"). A Reviews means a general designation grouping "Product Reviews", i.e a score, evaluation or comment given by a Consumer on the quality of a Product or service sold or offered freely by a Client to the Consumer on their website or in a shop ("Product"), and " Client Reviews", i.e score, evaluation or comment given by a Consumer in relation to the overall quality of the service provided by a Client on one's website or shop following an order, purchase or use of a product by a Consumer from a Client, via the Client's website or in a shop "Order or Purchase"

Therefore, when an individual or entity having purchased or having freely benefited

from a product of the Client (“Consumer”) submit an order to one of Verified Reviews’ Client, the information relating to an identified individual or an individual that may be identified, directly or indirectly, in particular by entering login details, such as a name, identification number, location data, online ID, or one or more specific elements relating to the individual’s physical, psychological, genetic, mental, economic, cultural or social status (“Personal Data”) listed below is received.

In accordance with the legal constraints of the applicable law depending on the Consumer’s nationality, Verified Reviews requires from its Clients to respect the regulation in force and to obtained the Consumer prior consent, if necessary, or informed the Consumer of the process of their data by Verified Reviews prior to this gathering and processing of this Data by a trusted third party; it all depends on the Client's legal situation.

Data Verified Reviews needs to receive from all its Clients:

- Surname;
- First name;
- Email address;
- Order date and reference;
- In case of purchase, date and location of purchase in one of the shops of the Clients;
- Internal and international names and references for the ordered Product (GTIN/ISDNF).

Other Data potentially received from some of the Clients:

- Date of birth;
- Gender;
- Telephone number;
- Consumption habits (type of products purchased, purchase frequency);
- Name and reference of the shop assistant.

1.2. Data collected directly from Consumers

When a Consumer wishes to directly submit a Review, it is possible to do so by contacting Verified Reviews in the following ways:

- via the contact form;
- via the submission platform available from the Verified Reviews web page indexed by Google and/or other Search Engines, specific to each Client, on which all Reviews concerning the latter are displayed. This page is accessible by clicking on the designs created by Verified Reviews displaying the average score obtained from Client Reviews or Product Reviews (“Widgets”) or by clicking the URL of the web page referenced by the Search Engine (“Attestation”) relating to the Client;
- via the following address: info@verified-reviews.com

Verified Reviews

by Net Reviews

At this time, the following Personal Data need to be collected:

- Surname;
- First name;
- Email address;
- Order date and reference;
- In case of purchase, date and location of purchase in one of the shops of the Clients.

In order to respect the obligations arising from the French certification to which Verified Reviews is submitted, it is requested to provide proof of purchase to validate the consumption experience (invoice, receipt, purchase order, etc.)

In the context of verification processes, the following additional Personal Data might be collected:

- Postal address;
- Telephone number;
- Total spent on order;
- Payment method used.

Please note that this Data is only used to verify the authenticity of a consumer experience and to meet the French certification Standard. It is therefore not retained by Verified Reviews and is immediately deleted.

1.3. Data collected upon submission of a Review

After each Order or Purchase from one of Verified Reviews' Client, the Consumer is invited to submit a Review on its Consumption experience via email, to which a link is attached and will direct to an internet page which the Consumer may access, by clicking the link sent to them via email after each order or purchase, and which the Consumer may complete in order to submit a Review ("Form").

This invitation, valid for three months, is only sent when the Consumer finalized an Order or make a purchase from one of Verified Reviews' Client.

It is the same link as to which the Consumer is directed when one submits a Review directly (§3.2).

At no time will the Consumer be asked to create an account on Verified Reviews' Site.

Having completed the form, when a Review is submitted, Verified Reviews must collect the following Personal Data:

- The score the Consumer gives to its consumer experience;
- The comments and observations on its consumer experience;

Verified Reviews

by Net Reviews

- The date and time of submission of the Review;
- IP Address of the device used to submit a Review.

However, upon request from its Clients, Verified Reviews may also add additional question(s) on specific topics to the form. Verified Reviews collects the responses given in these surveys.

By completing this form, the Consumer also have the possibility to provide additional information, such as:

- Its age;
- Its gender;
- Its consumer habits;
- Photos or videos.

Submission or provision of this information is not mandatory and is not required in order to submit a Review.

1.4. Data collected during the moderation process

Following the filing of a Review, there is sometimes a phase of Moderation of the Consumer Review.

Moderation is a process prior to the publication of a Review which aims to ensure the conformity of the collected content with Verified Reviews process that preserve the reliability of published Consumer Reviews. All content relating to Consumer identity and Reviews gathered and intended to be published are moderated.

Through this Moderation process, it is guaranteed a total transparency for both the Client and the Consumers. Indeed, Consumer Reviews are displayed in their entirety, whether positive or negative, without being modified or corrected as soon as they have not been rejected during the Moderation defined in Verified Reviews General Terms. Thus, as part of the Moderation process, the Personal data corresponding to the Consumer's response(s) to the Partner Merchant's comments with respect to a Consumer Review must be gathered.

1.5. Data collected after one click on « useful Review »

This type of Review makes it possible to indicate whether the Review that is read by the person using the internet network to access various contents made available to the public (the "Internet User") has been useful to the latter. There is no need to write a Review to click on « useful Review yes » or « useful Review no ».

Any Internet user, reader of the Consumer Reviews collected by Verified Reviews may specify, if one wishes to, if the Review read seems useful to the latter in his search for information. Thus, to ensure the relevance of this functionality, Verified Reviews collects the IP address of the Internet user clicking on « useful Review » so that the latter can only vote one time.

In addition, when a Client has subscribed to the « Questions & Answers » module, the response(s) of Consumers of this product to the questions asked by the said Internet user on the website of the Client will be collected.

1.7. Data collected when one visits Verified Reviews'

Websites

1.7.1 Definition and Purpose of Cookies

A cookie is a small text file placed on your computer throughout the visit of a site or views of an advertisement. Different types of cookies may be used on Verified Reviews' Websites: http cookies, cookies in local storage, flash cookies, fingerprinting, pixels or other tracking identifiers...

These cookies do not personally identify the Internet user but identify the computer that the Internet User uses.

When visiting Verified Reviews' sites, cookies allow the Internet User to recognize one's computer or mobile device and thus to personalize and improve the navigation. Cookies contain information that the website uses to make communication with the Internet User's browser more efficient.

1.7.2 Classification of Cookies & Purposes

Verified Reviews uses different types of cookies, namely session cookies, persistent cookies and technologies similar to these types of cookies defined below:

- "Session Cookies" are small temporary information files that are deleted when the Internet User closes the browser;
- "Permanent Cookies" are small, more durable information files that are stored and remain on the Internet User's browser until they are deleted. Permanent cookies are deleted after a certain period but are renewed each time the Internet User consults the website.

Cookies have purposes that may be different, some are necessary for the use of Verified Reviews' Websites and others have more incidental purposes.

- Navigation cookies, necessary for the operation of the websites:

These are the cookies necessary for the operation of Verified Reviews' Websites. They allow you to use the main functionalities of Verified Reviews' Websites such as access to your account or change of the language on all pages. Without these cookies, you will not be able to use Verified Reviews' Websites normally. These cookies are dropped off by Verified Reviews which only concern the operation of Verified Reviews' Websites and do not require the prior information and agreement of the Internet user to be left on one's terminal.

- Functional cookies, necessary for audience measurement:

These are the cookies that allow Verified Reviews to know the use, the volumes of visits and usage and the performance of the Verified Reviews' Websites. These cookies enable Verified Reviews to improve the interest, ergonomics and functioning of the services offered on the website such as the pages most frequently consulted, filtered searches, etc.

o Google Analytics and Privacy

Verified Reviews uses a web analytics service provided by Google Inc. ("Google"). The information generated by the cookie about the use of Verified Reviews' Websites is transmitted to a Google server in the USA and stored there.

Google uses this information to evaluate the use of Verified Reviews' Websites, to compile reports on website activity for website operators and to provide other services related to the use of the website and the Internet. Google may also transfer this information to third parties where required to do so by law, or where such information is processed by third parties on Google's behalf.

Under no circumstances will the IP address be associated with other Google data. The Internet User can deactivate cookies by modifying the parameters of one's browser.

Verified Reviews

by Net Reviews

o Social network sharing cookies

Verified Reviews provides Consumers with the ability to share their Reviews through social networking sites. Social network cookies are managed by the publisher of the social network site. The editor of the social network concerned is likely to identify the Internet User through the share buttons, even if this button was not used when consulting Verified Reviews' Websites. Indeed, this type of application button may allow the social network concerned to follow the browsing of an Internet User on the Verified Reviews' Websites, simply by activating the Internet User's account on this social network (open session) on one's device while browsing on Verified Reviews' Websites.

Verified Reviews has no control over the process used by social networks to collect information relating to the Internet User's browsing on Verified Reviews' Websites and associated with the personal data that they have in their possession. The Internet User is invited to read the social network cookie management policy on the sites concerned. These protection policies must allow the Internet User to exercise choices with these social networks, in particular by setting up their accounts for use of each of these social networks.

1.7.3 Cookies Consent

By accepting the present document, the Internet User acknowledges having been informed and accepts the cookies used by Verified Reviews as well as their purposes.

The agreement given is valid for a maximum period of thirteen (13) months from the first deposit in the terminal.

1.7.4 Cookies Removal

At any time, the Internet User may choose to express and modify one's wishes regarding cookies via the settings of the browser.

The Internet User is informed that, depending on the browser configuration, one may encounter a certain number of difficulties in using the Verified Reviews' Websites and thus be deprived of access to some of the services and content of the latter.

Within this framework, Verified Reviews declines all responsibility for the consequences linked to the degraded experience of Verified Reviews' Websites resulting from the impossibility of using the cookies necessary for its operation.

1.8 Connection data

When the user consults Verified Reviews' websites and in particular when the user accesses the Review Form, Verified Reviews records the IP address of its computer and its browser settings (web browsing software used, reference website and information relating to its online activity).

Verified Reviews

by Net Reviews

The IP address is the numeric address of the computer used to visit Verified Reviews' websites.
